WHAT PARENTS ARE SAYING

... very patient Parent, K-5 Student

I thought English/Spanish would be more effective - like Dora. Because she can count, etc. from that experience. But we do sing some of the songs over & over ... you are fabulous. Christina, parent of toddler

I really enjoyed how you spoke Spanish the whole [class] time. Parent, K-5 Students

I observed my children and others respond well to her upbeat and interactive teaching style. I especially appreciated her willingness to work with each child individually. ... (Señora) Susan's optimism and cheerful attitude are very much appreciated and I openly recommend her services. Michelle, parent of toddler & preschooler

Learning a Second Language at an Early Age ...

- Has a positive effect on intellectual growth.
- Enriches and enhances a child's mental development.
- Leaves students with more flexibility in thinking, greater sensitivity to language, and a better ear for listening.
- Improves a child's understanding of his/her native language.
- Gives a child the ability to communicate with people s/he would otherwise not have the chance to know.
- Opens the door to other cultures and helps a child understand and appreciate people from other countries.
- Gives student a head start in language requirements for college.
- Increases job opportunities in many careers where knowing another language is a real asset.
